- SPECIALS

The **CP machine** is the solution that best reflects your aesthetic needs for the production of sachets sealed on 4 sides. Despite being compact and easy to use, the machine will produce sachets with a high design standard. The machine can keep the sealing plates perfectly aligned thanks to its independent support system, on each row, ensuring maximum stability at all times and a long-lasting tightness. The pressure and temperature of the plates can be adjusted independently on each row.

THANKS TO ITS EXTREME ACCESSIBILITY AND ERGONOMICS, THE CP PACKAGING MACHINE CAN BE FITTED WITH ONE OR MORE DOSING SYSTEMS TO BE USED ALTERNATELY. PRECISION AND RELIABILITY ARE ALWAYS GUARANTEED.

**CP HAS SEALING PLATES TECHNOLOGY; PRESSURE AND TEMPERATURE OF THE PLATES CAN BE ADJUSTED INDEPENDENTLY ON EACH ROW.**

**CP GUARANTEE EASY FORMAT CHANGEOVER.**

**CP IS THE IDEAL SOLUTION FOR AESTHETIC SACHETS.**
