Available formats

The **DIVA machine** is the most efficient machine for producing stick pack in small product batches. Highly efficient dosing systems for sliding granular products. White sugar, brown sugar, salt and pepper are the typical products for which the DIVA machine delivers the best results. With this packaging machine you can create stick formats of any length to accommodate a wide range of doses. Upon request, you can also produce **Triangular Pyramid Sticks**.

DIVA IS THE OPTIMAL CHOICE FOR CUSTOMERS WHO WANT TO MINIMIZE THE INITIAL INVESTMENT ON A STICK MACHINE WITHOUT SACRIFICING PERFORMANCE AND RELIABILITY, WITH SPEEDS OF UP TO 300 STICKS PER MINUTE.
